

THE WEBSTER FIVE FOUNDATION DONATES \$2,500 TO RACHEL'S TABLE

Funds will be used to support the Children's Milk Fund.

WEBSTER, MA – March 3, 2010 – The Webster Five Foundation, a charitable organization founded by Webster Five Cents Savings Bank, announced today that it has donated \$2,500 to Rachel's Table. These funds will be used to provide milk to Worcester agencies so that children and families in need can receive the nutrition and calcium necessary for the proper well-balanced diet.

The Children's Milk Fund, established in 1992 and still the only program of its kind in the state, is the sole source of regularly donated milk in the Worcester area, providing 900 gallons of milk every week and helping more than 6,000 children. All the milk provided by the Children's Milk Fund is always given to recipients free of cost, a large savings from the grocery store where a gallon of milk could cost as much as \$4.00. As a result, struggling families can rely on the Children's Milk Fund without sacrificing good health. Calcium is required in every child's and teenager's diet—and with the help of Children's Milk Fund, these needs are met every month.

“We are very appreciative of Webster Five's donation,” said Carla Szymanski, Director of Rachel's Table. “This donation will help us not only meet the growing needs in the community, but also distribute more milk to local agencies and food pantries.”

“We are proud to support Rachel's Table and help fund the Children's Milk Fund,” said Richard T. Leahy, President and Chief Executive Officer of Webster Five Cents Savings Bank. “Helping to ensure that children receive plenty of calcium, and keep a balanced diet, is a cause we are happy to support.”
