

**THE WEBSTER FIVE CENTS SAVINGS BANK DONATES \$2,000  
TO THE JEWISH FAMILY SERVICE OF WORCESTER**

*The funds will support the JFS Child and Family Counseling Program*

WORCESTER, MA – September 12, 2011 – The Webster Five Foundation, as part of the *Web of Caring to Make a Difference* Program, announced today that it will donate \$2,000 to the Jewish Family Service (JFS) of Worcester. The *Web of Caring to Make a Difference* Program reinforces Webster Five’s long-term initiative to give back to the community by supporting local organizations that are making a difference in the community. All donated funds will help the agency’s Child and Family Counseling Program provide necessary outpatient mental health counseling services to children and families in Worcester County.

Through a team of experienced professionals, JFS offers counseling services that impact the lives of roughly 1,000 people each year, 55 percent of whom are children. These families and children will receive services designed to nurture a supportive home environment and to develop a sense of personal wellness. “The funds donated by The Webster Five Foundation will enable the Jewish Family Service to meet a growing demand for their services and will provide resources to families in our area. We couldn’t be more thankful to Webster Five for their financial support,” said David Hollis, the Director of the JFS Child and Family Counseling Program.

The Jewish Family Service of Worcester’s unique approach to mental health and family counseling encourages participation from all facets of a child’s or a family’s support system, including school personnel, physicians, and community professionals. Following the Jewish practice of *Tikkun Olam* or “repairing the world,” JFS provides care for patients of diverse racial, socioeconomic, ethnic, and religious backgrounds.

Richard T. Leahy, President and Chief Executive Officer of Webster Five Cents Savings Bank, commented, “We are happy to support the Jewish Family Service of Worcester, and strongly believe in its purpose.”
