

DIGITAL BANKING UPGRADE BUSINESS

Enhancements and features to look forward to:

Dedicated website and app just for Webster Five business customers

Consistent experience across devices

Menu look and feel stays the same regardless of how you access Digital Banking.

Enhanced transaction capabilities

Attach an image to a transaction for easier financial recordkeeping.

Manage Users

Puts the system administrator in control of all business authorized logins.

International wire transfers*

Originate foreign wires in US dollars or foreign currency.

Enhanced fraud protection services*:

1. Check Positive Pay

Match check number, dollar amount and date, along with the payee on the checks issued by your business.

2. ACH Positive Pay

Triggers an alert when ACH transactions hit your account, so you can make a pay/no pay decision immediately.

3. ACH Verify

Verifies the destination and value of originated ACH credits and sends an alert for any transaction discrepancies.

4. Wire Verify

Stops wire fraud in real time, eliminates callbacks and increases the ease with which your wires can be approved with one call.

Along with many more features to enhance your digital banking experience!

*Optional paid services
